

Your Guide to

LibraryLink Victoria

www.yprl.vic.gov.au

What is LibraryLink Victoria (LLV)?

LLV enables you to search the catalogues of Victorian Public Libraries, Victorian University Libraries, State Libraries, Libraries Australia and selected Databases through a single access point.

Before visiting Librarylink

Visit www.yprl.vic.gov.au, if we do not have the item you are looking for then click on Librarylink (inter-library loans service).

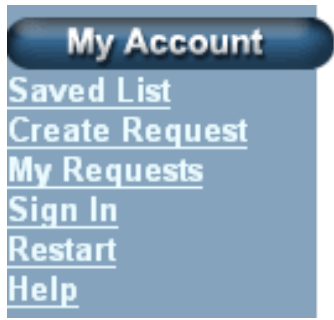

LibraryLink is a great website for finding items not located at YPRL.

Librarylink shows you the details of the item you are searching for and where it is located. Once you place a request, it can take up to 6 weeks for it to arrive at the library. **Check for library messages on your card via the YPRL website if your item has not arrived within 6 weeks.**

Using Librarylink

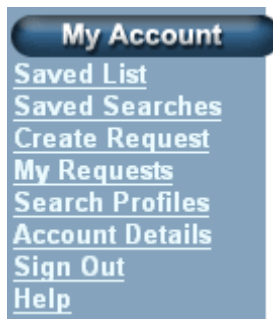

Your account (My Account)

Click on **Sign in** and enter your details. Signing in before you search enables you to save searches and view your search history. Your **Borrower/Barcode No** number is located on the back of your card and the password is usually the last 4 digits unless you have your own password assigned (recommended).

A sign-in form with a blue header 'Sign-in'. It contains three input fields: 'Borrower/Barcode No:' with the value '9876543', 'Password/Pin:' with masked characters 'xoxoxox', and 'Your Library Service:' with a dropdown menu showing 'Yarra Plenty Regional Library Service'. A blue 'SUBMIT' button is at the bottom.

You will notice that the **My Account** area has additional options when you are logged in. Check your requests and saved items here. Make sure you **Sign out** when you have finished.

Standard Search is the first option available when you visit **Librarylink**. Select the libraries you want to search and type in your search term.

You can select the catalogues you wish to search by selecting a profile from the drop down menu **Current Profile** eg All Victorian Public Libraries.
